Option A & B Entry Fees

There are 4 prominent classes at the National Finals that offer contestants an opportunity to win more money by placing a higher bet. It is based on a 90% payback rather than a 70% payback. In these classes every contestant has an option of choosing Option A with a 90% pb or Option B with a 70% pb. If you do not qualify by attending 5 shows during the 11/12 season you pay back will be based on 20% less than what is posted on the National Finals Flier.

Opt A

Your entry fee will be \$100 and your pay back will be based on 90% of the jackpot.

Opt B

Your entry fee will be \$50 and your pay back will be based on 70% of the jackpot.

This gives everyone an opportunity to risk more to win more by choosing Option A.

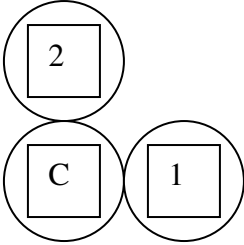

If I were to ride in the State Extravaganza what is the maximum amount of rides that I would do? And how many of these rides would I have to pay for?

- You will ride on 2 teams at \$50 each. If your state makes the top 3 states you will ride again even if you got a no time in the 1st round. There is no extra fee and there are saddles for 1st and prizes for 2nd and 3rd.

If I make it to the finals do I have to pay for al those rides on top of my entry fees that I paid to get through all the other rounds?

- No. You only pay entry fees 1 time for each team you are on.

How does the 3 Man Olympic sort work?

This is a 3 man team. There are 3 circles in and “L” shape. The cattle are held in the center circle (C) with openings to the other pens. 1st cow called is always sorted to the right circle (1) then the 2nd cow is sorted to the left (2) and so on until all cattle are sorted. Riders rotate however they want.
