LETTER FROM THE PRESIDENT

I would like to welcome everyone to what has already proven to be another record breaking year for RSNC. Your willingness to help us grow this great sport is bringing tremendous attention within the equine industry and will pay huge dividends for all of our members.

I could not be more excited to announce since the inception of RSNC just over 3 years ago **we have now signed up over 10,000 members!** That is a tremendous milestone that I certainly don't take lightly. We have always said that you and your friends willingness to join with us is more valuable than a \$50 membership fee and now with 10,000 members that \$500, 000 statement truly has us putting our money where our mouth is. The good news for you is that we will continue the program as long as you continue to take advantage of it. In this economy a break in fees are important and the dollars contributed back to each of you are reaping rewards for all of us with many new sponsors who are excited to become a part of the exploding RSNC family. Be sure to check out the RSNC website store for great products at discounted prices from our sponsors.

As of print date we have already doubled over last year the number of sorting days for the month of April with 45. We are now on track for 400 events this year. If that is a sign of participation at the National Finals then I would suggest that you get your stalls booked immediately! Otherwise you may be on a waiting list for temporary accommodations. I have personally been traveling all across the country and everywhere I go there are droves of new contestants making plans to attend. We have set the finals schedule and added more sorting pens to plan for many more teams. **The payouts will be tremendous with the class sizes that are anticipated.**

As always we are going to great lengths to make sure the fun is abundant! The greatest compliments we received after last years finals were from those that enjoyed their vacation time at our finals even when they weren't fortunate enough to win some of the large cash payouts. Therefore we will be gathering around the campfire with Mickey and Betsy Plemmons and their guitars again. We also have many other activities planned for your entertainment including the 1st annual TRNC turtle races! I am sure that this fast paced action will have us on the edges of our seats all night long!

The points races are heating up and everyone is trying to get in the top 3 in their rating category within their state so they can participate in the State Extravaganza. It is a prestigious class that has National bragging rights for the winning State teams. Be sure to watch the web site for many new exciting plans that are being planned for your ranch sorting national finals experience. Book your stalls and your rooms and make plans now to have fun helping us make history at the RSNC National Finals June 27th thru July 2nd 2011.

Stay on guard.

You guard him against injury. You guard him against disease. Now guard him against Equine Gastric Ulcer Syndrome (EGUS). Horses can suffer in silence with EGUS — but you can prevent ulcers and the associated suffering with ULCERGARD® (omeprazole), the only medicine that's FDA-approved to prevent equine stomach ulcers.* You care too much to let your guard down for even a minute. So ask your veterinarian about ULCERGARD.

IMPORTANT SAFETY INFORMATION: ULCERGARD can be used in horses that weigh at least 600 pounds. The effectiveness of ULCERGARD in the prevention of gastric ulcers in foals and weanlings has not been evaluated. Safety in pregnant mares has not been determined.

Hill: Yup thay is.

Billy: Well, slap my knee, kiss my pig and wake up the hounds! I love turtle races!!!

Hill: That's why I asked if you got your turtle yet.

Billy: No, I ain't but I'ma fixin to. It's spring time and I is a fixin to go turtle huntin fur a fast one. I know right where to look too.

Hill: Where's that?

Billy: Ha, ain't you funny! I ain't bout to tell you where all the good pedigree turtles is.

Hill: Whut do you mean by pedigree turtles? You sounds like them Ranch Sorters talking bout their sortin horses.

Billy: Ain't no difference at all. I got me a book of turtle pedigrees a mile long and I can tell you right now which pedigrees will win them turtle races.

Hill: Like who.

Billy: Well, there ain't no doubt that the top 5 will be Play Turtle Gun, Peptoboons Turtle, Highbrow Turtle Cat, Doc's Turtle Hickory and Smart Chick A Turtle.

Billy: So, whuts them rules?

Hill: Well everybody is sposed to bring a turtle to the Finals and enter it in the turtle races. Jaden says every night there will be preliminary races of 10 in a heat. The winner from each prelim will git to go to the Saturday Night Finals. He is gonna draw a big circle in the sand and put the turtles in the middle of the pen under a basket. Then he will lift the basket and the race is on. The first turtle out of the ring is the winner.

Billy: Well as Grandma Stella used to say "Slap me to sleep, slap me for sleepin" cuz I think that Jaden Wolfe is purt near a Genius!

Hill: He ain't said whut 1st place prize is yet but hear tell he is gonna make it so big that turtle racers from all over the US is gonna be showing up. Who knows there may be so many that he'll have to start handicapping them!

A Special Place For Kids At RSNC

YOUTH POINTS RACE 2010-2011

June 26th, 2010 – June 18th 2011

The Youth points race consists of 1 class. All youth that are rated a #1 Beginner that ride in a Youth with experienced gate, and all youth rated a #1 Beginer, a #2 Rookie or a #3 Novice that ride in the Youth Ranked (Youth with Youth) will be eligible for the Youth points race. But it must be a Youth class. The top 5 Youth will win a recognition award at the end of the year and awarded at the 2011 RSNC National Finals.

All Youth, regardless of their rating are eligible to ride in any Youth class but since they have so many other opportunities to succeed in other divisions, points will only be awarded to Youth with a rating of a #3 or below. This awards program is designed to encourage new youth to get involved in RSNC events.

Kids, let your producers know that you are interested in a youth class at their santioned events. This is a class JUST for YOU!

These Points will not go towards the RSNC 2010-2011 Finals as ALL YOUTH will be eligible and encouraged to ride at the 2010-2011 National finals.

Youth contestants in the Beginner Youth Division must be 13 or younger by January 1st of that year. Beginner Youth may have an adult or experienced person in the gate but the sorter must be rated a #1 Beginner. All contestants in the Youth Ranked Rated Division must be under the age of 19 by January 1st of that year. There is no rating cap on the Youth Rated Division but it is recommended to be a HC class.

STATE CHAMPIONSHIPS 2011 OFFICIAL CONTEST RULES

Beginning January 1st, 2011(excluding the previous years State Finals), all RSNC contestants will have the opportunity to compete in a State Finals on the following New Year's weekend. Producers from your state, starting with the producer that submitted the most sanctioned teams, will be offered the opportunity to host a New Years Finals and if they do, RSNC will help furnish awards. For every state that sanctions at least 5 RSNC shows in 2011, RSNC will contribute 6 Trophy State Championship Jackets. For every state that sanctions 10 or more shows RSNC will contribute prizes through 5th place in each rating category.

The points system will be identical to the current RSNC National Finals point's race. First place contestants will earn ½ point for 3-4 teams, 1 point for 5-9 teams, 2 points for 10-14 teams, 3 points for 15-19 teams, 4 for 20-24, 5 for 25-29, 6 for 30-34, 7 for 35-39, 8 for 40-44, 9 for 45 and over up to 100 teams. If more than 100 teams in a class then the points will be doubled. Contestants will enter the State Finals with 20-1 points respectively to add to points earned at the New Years Weekend State Finals.

Contestants will enter the State Finals with 20-1 points respectively in their current rating category. Producers will add the points earned at their New Years Weekend show to the points contestants entered with to determine the top winner in each category. Beginner, Rookie, Novice, Amateur, Open and Masters. Producers can break ties at their discession

Each First Place winning member from each rating category from each state will permanently be listed in the RSNC HALL OF FAME! The state high money winner and the high money horse from each state will additionally be enshrined into the RSNC HALL OF FAME

Contestants must attend at least 5 shows to qualify for State Finals prizes. In the event that there is a tie on points for the State Finals prizes there will be a Tie Breaker Rule: Total # of cattle sorted in all events that points were applied to is 1st tie breaker. If this does not solve the tie breaker then we will go to the shortest amount of tome it took to sort that amount of cattle.

Anyone can ride at these State Finals regardless of what state a contestant is from; but only the top 20 contestants from THAT state that compete at the finals are eligible for the year end State Championship Awards. Top 20 contestants are listed on the web site and will be listed at each finals for their respective state. If you are from a state that will not be hosting a state finals you are still welcome to participate for cash payouts at any state finals shows. Good Luck to all!

1 Free Night Stay a Night's

on RSNC

Last year the hotel drawing was a big success so we are going to do it again. There will be one drawing per day Monday- Friday at the National Finals to pay for one night of your hotel bill. How to join in on the fun? When checking into your motel, grab some of their business cards. When you get to the arena there will be a box in the office by the sign up table. Write your name on the back of the business card and drop it in the box. Each afternoon we will draw a card to see who the lucky winner is. Remember, this is each day! We will empty the box each night to get ready for the next day's drawing so make sure that you have enough business cards to enter each day. It must be a business card from the establishment for you to win and there is only one win per family. Who will be the lucky one's?

**TRACK THE \$\$\$ THAT
YOUR HORSE WORKED
SO HARD FOR**

Starting January 1st 2011 all RSNC contestants will have the opportunity to compete in a state point's race and a State Finals on the following New Year's weekend. Producers from your state, starting with the producer that submitted the most sanctioned teams, will be offered the opportunity to host a New Years Finals and if they do, RSNC will help furnish awards! For every state that sanctions at least 5 shows in 2011, RSNC will contribute 6 First Place Awards. For every state that sanctions 10 or more shows RSNC will contribute awards thru 5th place. We have made the RSNC software available free to all producers for there RSNC events. With this software, producers are able to input the horse name when you enter a class and it does the tracking automatically. A report is sent to the RSNC Headquarter office to be entered in the "Horse Dollar Tracking" spreadsheet. Horse tracking is only available to contestants where the producers are using the RSNC software so be sure to ask your producer if the horse tracking option is available. It is your responsibility to let the show secretary know that you plan to track your horse dollars earned. You must write the horse's name on your entry form so that it will get entered into the software. Your state must have a State Finals that you can compete at for your horse to be eligible and your horse must win a minimum of \$500 at RSNC Sanctioned events for that year.

RANCH SORTING EXCEEDS ITS MEMBERSHIP PROJECTION

By
George G. Johnson, Jr.

As a testament to the growing popularity of Ranch Sorting, the RSNC recently doubled its membership projection by welcoming its 10,000th member, Maddi Madison of Tucson, Arizona. The original projection was for the organization to reach 5,000 members in 2010. That goal was doubled within the first two months of 2011 and is still growing at an unexpected rate. In addition to exceeding its membership projection, the RSNC has sanctioned OVER 400 events for 2011, exceeding its projection of events by OVER 100. Judging from the number of inquiries from potential producers, the number of sanctioned events for 2011 will continue growing. These developments show a tremendous growth in the Ranch Sorting giving great credibility to the strengthening of sport.

RSNC's 10,000th member, Maddi Madison, is a fifteen-year-old horsewoman from Tucson, Arizona, who started sorting in her 4-H club. She has competed in 5 or 6 sortings on her 9-year-old half Arabian, half Quarter Horse gelding that had previously been used as a working cow horse. In addition to ranch sorting, Maddie has been judging horses in the 4-H program for nine years and has shown horses mainly in English classes at 4-H shows. Her trainers are Jackie and Clay Harper. Interestingly, as a result of Maddie's participating in Ranch Sorting, her father has also started sorting early this year on his roping horse, making this a true family activity. Maddie has eloquently summed up her opinion of Ranch Sorting when she told me "she likes it a bunch!" Welcome to Maddi (and her Dad) RSNC is proud to have you as members and Sorters!

In the February 1, 2011, issue of Quarter Horse News, the popularity and growth of RSNC was featured in an article by Betsy Lynch. The piece, entitled "Counting to 10 Add first. Then multiply. As ranch sorting numbers grow, the future of cow horse competition gets brighter for everyone" highlighted the family orientation of the sport and its broad appeal to horse owners. The rules and conduct of the sport are clearly explained in the article along with its system of pairing teams of riders. The safety features of Ranch Sorting for both riders and animals were stressed, as was the ease of becoming involved in the sport. In her article Ms. Lynch pointed out that the sport was fair with riders ratings being determined by money earned compared to other participants in the same division. It pointed out that ratings are reviewed once or twice each year to insure fairness and accuracy giving riders the ability to be rated in the proper category according to their demonstrated skill. The article stressed the philosophy of Dave Wolfe and Van Gemmill, founders of RSNC, as "The Number 1 Equine FamilySport" including all generations from parents, kids and grandparents. By exceeding all predictions on numbers of members and the number of sanctioned events, Ranch Sorting National Championships is more than well on its way to becoming number 1!

RSNC Special Friendship Award

Notice Current **RSNC** Members

The 2011 / 2012 membership fee will be \$50.00 and is due July 3rd, 2011. That membership gives you the opportunity to compete in over 400 sanctioned events, the State Finals and the 2012 RSNC National Finals.

I think we would all agree that is a fair price within the equine industry. With 10,000 RSNC members at \$50 each that's \$500,000.00. However, we want you to know that we value your support and friendship even more! Therefore, every renewing member that invites a new member who competes at an RSNC event between March 15th and July 3rd will be rewarded with a complimentary 2011 / 2012 membership. Sort For The Reinsman Saddles

2010 - 2011 OFFICIAL CONTEST RULES

The purpose of the RSNC sort for the Reinsman saddles contest is to serve as an incentive for participation in sanctioned events. In the 10'-11' season, point totals will be kept from July 4th, 2010 to June 18, 2011 using the RSNC software and July 4th, 2010 to June 4th, 2011 if not using the software. The top 20 point earners from each state, as well as all frozen contestants, in six separate categories will enter the National Finals with 40 points to 2 point respectively. In the Masters Division you will enter the finals with 20-1 points respectively. There is a minimum of 5 shows requirement to be eligible for prizes.

- Contestants must be a current member to earn points for the saddle race.
- The Masters' Division will be a class of its own and the points will be kept separately.
- A contestant will represent his/her home state. Points earned at shows outside a contestant's home state will be added to his/her total in the state in which he/she resides.
- In addition to the Reinsman saddle, the top 20 point earners from each state will be eligible for other yearend prizes. However, a contestant must have attended 5 shows and may only claim one year-end award in the Sort for the Saddle contest.
- In the event that a contestant's rating is changed, his/her points will be carried with him/her to the next division unless moving those points improves the contestant's standing in the points race. In this case, only the points that will put the contestant in the same standing as in the prior division will be carried over. Example: A NOVICE has 50 points and is in 4th place in the standings when she becomes an AMATEUR. The current 4th place AMATEUR has 30 points. In this case, the rider that is graduating from NOVICE to AMATEUR can only transfer 30 of her 50 points to the new division. The two riders will now be in a tie for the 4th place AMATEUR position.
- Contestants graduating from Beginner to Rookie will be automatically qualified for the National finals with a minimum of 20 points in the Graduated Beginner division. A Beginner that graduates to a Rookie and then to a Novice will be eligible to ride in the Graduated Rookie and the Novice divisions at the 2011 Finals. Contestants graduating from Rookie to Novice will be automatically qualified for the National Finals in the Graduated Rookie division with a minimum of 20 points. All other contestants that are moved from one division to another will be automatically qualified for the Finals, with a minimum of 20 points, in the division they graduated into. Graduated contestants are eligible to compete for paybacks in every division for which they are qualified, but may only claim one year-end award in the Sort for the Saddle contest.
- In the event that there is a tie on points for the Saddle and other top 10 prizes there will be a Tie Breaker. Total # of cattle sorted in all events that points were applied to is 1st tie breaker. If this does not solve the tie breaker then we will go to the shortest amount of time it took to sort that amount of cattle.

The RSNC National Finals is an open event; this means anyone may compete at this contest and win pay-backs as well as other prizes. Contestants that competed at 5 or more RSNC events during the '10-'11 season are eligible for maximum % on any payback. Only the top 20 point earners from each state that have attended 5 shows are eligible for the saddle or other year-end awards.

Reinsman Saddles will be awarded to the highpoint contestant in each category. Other prizes will be awarded through 10th place. In the 2010-2011 season, qualifying points will be earned at shows using the RSNC software from July 4th, 2010 to June 18th, 2011 or June 4th, 2011 if not using the software. There is a minimum of 5 shows requirement to be eligible for prizes. The top 20 point earners in each category as well all frozen contestants will enter the Finals with 40 points down to 2 point respectively. In the Masters Division you will enter the finals with 20-1 points respectively. It's anyone's game – come play!

Dear Fellow Horsemen,

We have been enjoying a very exciting relationship the RSNC. We look forward to the coming year with more enthusiasm now that spring is right around the corner. With the days warming and the sun showing signs of staying with us longer each day, I think it is important to evaluate our equine partners.

My interest is in leg care of the horse. Since some of us may be positioned to ride more often with the warming days, I think it important to take time and put some miles on our four legged friends and try to build up their physical condition before heading to the next Ranch Sorting. The issue of conditioning is as important to the soft tissue of the legs as is the conditioning of the muscle. Tendons and ligaments of the lower leg need to build strength and memory same as muscle. If we put too much strain and fatigue to the muscle or lower leg soft tissue the result can be damaging. Any strains or tears to the tendons or ligaments of lower leg will be difficult to deal with and recovery is slow and unpredictable. We suggest the best offense is a good defense, so why not protect your horses legs from injuries caused by fatigue and hyperextension.

Our Iconoclast boot is the only product available to provide proper beneficial support to the sesamodial region of the equine leg. Our boots do this by giving 360 degree's of support to the fetlock thru our double sling straps. Many of you have used "splint" boots in the past and are familiar with the design. This design offers one lower sling strap. This single strap is good for holding the splint boot in place but falls far short of providing proper beneficial support to the fetlock. The use of a single strap will only pressure one side of the fetlock, that leaves the opposing side unsupported. While it is true the material is covering the fetlock, it is not supporting it because it does not provide enough lift to be beneficial for support during depression of the fetlock during travel. The Iconoclast boot application is similar to our taping our own ankle. We get that 360 degree stability that saves us from hyperextension. There is little difference in horses of any age or discipline, all horses at some point will experience some degree of discomfort to one or more legs.

Our best offense is a good defense, protect their legs with the best product available.

PRINE RANCH LITHIA, FLORIDA FEB 12 2011

While the rest of the nation faced freezing temperatures and snow the equestrian community in Lithia Florida was enjoying sunny skies and the camaraderie of good friends. Competitors from New York, Missouri, and Georgia welcomed the warm temperature to challenge even the seasoned Florida teams. Mike, Bobbi Jo and Traci Nelson, Bob Chavers, Wyman Griffis, Emmett Whitehurst, Liz and Ron McClendon, and Cheryl Kirton with many others did not surrender easily to command several wins. Tish Prine excelled in the #10 with Bob Prine, who continues to compete at 84 years of age and proves again, there is a place for riders of all levels at RSNC events where contestants of any age and abilities can succeed. The beginners are advancing quickly with the class recruiting contestants every show. Congratulations Karl and Kathy Boger for the purchase of two new horses to sharpen their skills. Barbara Grimes, Chris Grimes, Ashley Klein, Leslie Reynolds, Leanne and Dennis Ragano and multiple more contestants never miss a practice for the opportunity to sort. Helen Walters exhibited what team effort can accomplish to win the belt buckle in January and Joe Epifanio with his new horse for February. The saddle series for high point #3 and under, #4 and above is anyone's chance to win. Bob Chavers, Liz McClendon, and Emmett Whitehurst in the #4 above and Tish Prine with Cheryl Kirton #3 below are too close to call the results. Competition strives for excellence in the challenging times of this economy. Visit Prine Ranch on the web site www.prineranch.com for saddle series updates.

Central Valley Horsemen's Association has been created by California's RSNC producer Robert Vasquez.

Offering beginner clinics, barrel racing, ranch rodeo (ranch sorting, roping, team branding, trailer loading) and team sorting in central California cities of Bakersfield, Laton, Springville and Patterson. Robert has proven his dedication to the sport and has created a following who has kept the sport fun, welcoming and growing.

Bakersfield's chapter is a great example to how welcomed you are. If a new comer is asked after riding with this group, "What makes you come back?" More times than not the answer would read, "they supported my ride." Each of the chapters encourage beginner's as well as the keen pro's to come out and have fun riding, detox from the work week and share in a lot of laughter.

Come visit our site www.cvha.org to gain more information on dates, locations and clinics throughout the year. We are now blogging and are on FaceBook too!

We offer a choice of professional photography and or video of your ride. Pre-schedule so you don't miss out!

Some past stats in points for November 27, 2010:

1st Division

1st Carla Peterson
2nd Yolanda Saunders

4th Division

1st Robert Vasquez - Vern Simmons
2nd Robert Vasquez - Patrick Stevens
3rd Dusty Hooper - John Enos

Hey, CVHA is offering a month free to a rider who brings in the most guests during the calendar dates of February 20th through March 20th. This is a great way to visit and check out the different chapters. Our next buckle series will be held March 6th through April 3rd come win the buckle!

Central Valley Horsemen's Association Robert Vasquez has pulled together great groups of people down the central valley to keep the cow horse sport alive. Bakersfield has created a chapter to support his mission.

Friends are there to have a great time.

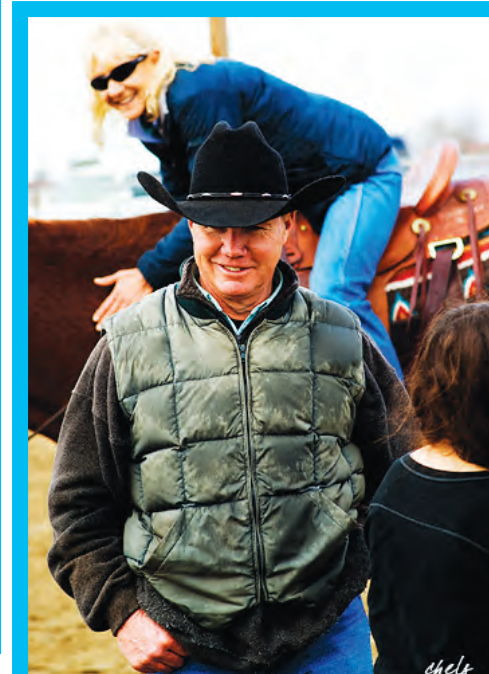

Enjoying the fun jackpot winning!

Loyal

The group has a range from beginners to pro's. Every single person in the chapter is there to support each other to learn, laugh and enjoy the sport.

Husbands and wives enjoy the sport.

FTP SITE PRODUCER LOG IN

RSNC is coming up with new and innovative ways of assisting producers to be successful. One of the many ways is by providing an area on the internet called File Transfer Protocol (FTP) site . It is defined as “a standard network protocol used to exchange and manipulate files over a TCP/IP-based network, such as the Internet.” This is just a fancy way of saying, a place on the internet to get and put files that are too big to send through email.

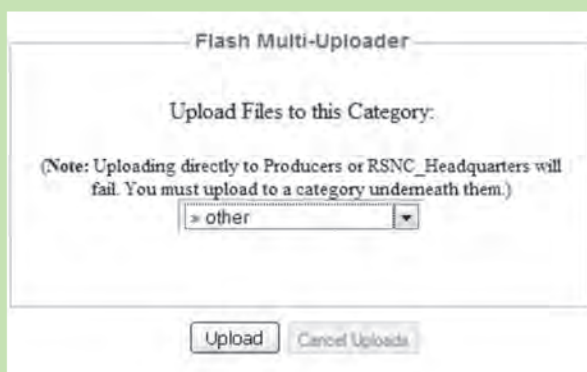

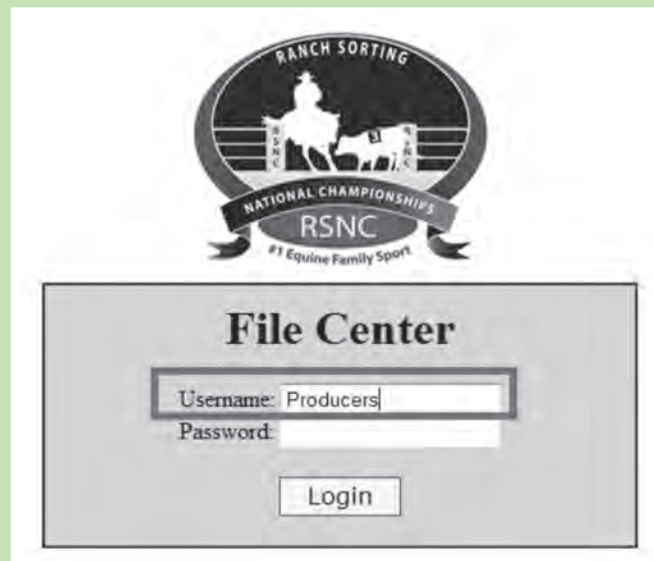

This FTP site will allow Producers to log on with a user name and password to download RSNC software. Laura Miller has taken over the duties of assisting Producers with obtaining RSNC software. There are times when an email address will not allow a file to be sent via email. Laura, then will make a category on the FTP site with the Producer’s name, then place the software file in that category. When the Producer is ready to obtain the software, he/she can log on to the FTP site and download the software at their leisure.

Also, the FTP site is a great place for Producers to upload pictures and show results/article to submit to the Ranch Sorter Magazine. Follow the steps below:

1. Create a word document that includes details about the winners of your events, correspond the picture names and/or other details about your event. (i.e. 247-Tom Jones), author of article and photographer first and last name.
2. Save and label the word document (i.e. Tucson AZ Feb 13 2011).
3. Save and label the pictures as jpg files (i.e. 247.jpg) *Do not include in word document*
4. Make a new file on your desktop labeled with your name and show date (i.e. JohnWayneTucsonAZFeb132011).
5. Put the word document and the pictures in this folder. Then, right click on the folder. Click, send to, compressed zip folder. Once the zip folder is created it is ready to upload to the FTP site.
6. Finally, follow the directions “FTP Site Producer Directions”.

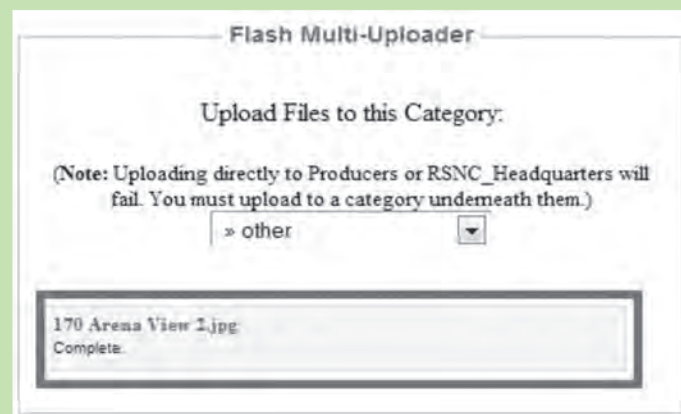

RSNC is excited to provide the FTP site to assist to Producers in obtaining RSNC software and for them share information about shows with sorters nationwide. If you need assistance downloading or uploading information to the FTP site, please contact Val at Val@rsnc.us.
