Sort & Resort

The sort and resort in the Sadie Hawkins is different than all other classes.

Half way through your run at approximately 30 seconds, the team then resorts

in reverse order the cattle that have already been sorted back to the original

side they started on. For example: if you are given #1 and within the first

30 seconds you sort the number 1,2,3,4,5 then you go get the 5,4,3,2 and 1

and sort them back in to the original pen. The only cattle that are counted

for your time are the ones that are successfully sorted back.
