

Note: Contestants at the bottom of each category who don't have points are qualified with 3 or more shows and can compete for points at the Western States Finals event. As a reminder, we are using the points earned during the season from June 2018 to June 2019. This allows all contestants that earned points for when the finals were originally scheduled to be locked in at what they would have been if it were not postponed. Points earned between June 2019 and June 2020 will count towards next year's Western States Finals. If you do not see yourself in the listing, then you did not get qualified for the added cash and prizes by attending 3 or more shows in the Western States.
