Get Your
Cow Fun On!

Destination event held the last weekend of September (weekend after WSP in Reno), at a location unlike any other. This is a beautiful working ranch in the foothills of the Laramie Range of the Rocky Mountains with over 12,000 acres to ride on, a cool fish pond to spend afternoons at and many area attractions to enjoy. Housing for 30+ people and 38 indoor/covered stalls and/or pens available for a relaxing stay during and surrounding an intense weekend of competition. Only 3 miles east of I-25 and an easy drive into the property on county maintained roads.

Class prizes, high point awards, with standard RSNC class payouts. Saturday evening pot-luck style meal in the events venue with music and/or bonfires every night. Cattle will be fresh beef type from nearby and as always the fun foot sort will be offered! Arena ground is the best you can find and horses love it (cows maybe not so much).

Golf carts, scooters, ATVs are encouraged as it's a large complex. Pets are welcome (you know the drill).
