KEEP TEAMS LINED UP

Your responsibility is to keep the show running fast and smooth by having the contestants in the sorting pen or ready to enter the sorting pen when their time to sort is called.

You will need a line up sheet

You will need a smile

You will need an area (imaginary box) for teams to stand to enter

To help out the secretary and the announcer, you need to make sure that you have the line-up sheet before the class starts. Also help the secretary by hanging a second line-up sheet so the contestants can see when they are up.

Just have some fun with the contestants by asking them to come close to the gate so that they will be ready to enter when the team running is finished.

Open the gate allowing the new team to enter and the completed team to exit. Always keep a close eye on the cattle so that none escape while the teams are changing places.

If necessary ask the completed team to hold the cattle so that the cattle stay on the correct side of the sorting pen

Just have some fun with the contestants, smile, joke around, wish them good luck, High Five or just say great job makes a contestant feel good. But, get them to line up.

It is very important to keep the show moving with no down time or wait time for the contestants. This keeps contestants happy and able to travel back home before it gets too late in the evening.

Attitude is everything

Have FUN—FUN--FUN
