

Horse Earnings Tracking Request

Welcome to the RSNC horse earnings tracking program! To be entered into the horse earnings database and qualify for the RSNC Horse of the Year in our Hall of Fame within your state and nationally there will be a **\$2.00 tracking and processing fee per horse / per show**. At each show this Horse Tracking form will need to be filled out by the contestant at the beginning of each show and **turned into the show office**, along with the appropriate \$2.00 per horse / per show tracking fee.

It is the responsibility of the contestant, not the producer or show secretary, to complete this Horse Tracking form and turn it in at each show with the appropriate tracking fee. **Horse Tracking forms mailed directly to the RSNC office by contestants will NOT be accepted and will be returned, they MUST be turned in to the show office at the show with the appropriate fees.**

This tracking system not only gives recognition to your best partner (your horse) but it also increases it's value by permanently registering it's winnings within the sport. Horse Tracking dollars will be posted to our website throughout the year. The annual RSNC Horse of the Year tracking runs from January 1st through December 31st each year.

Owner's Name _____

Rider's Name _____
(If different than Owner)

Horse Name _____
(Please write clearly, we are not responsible for name misspellings)
